TEAM PARTIES

This festive season, trade your typical Christmas party for a day out that will get everyone talking. Our immersive worlds aren't just something you watch; they are spaces you and your team physically explore together.

Move freely, communicate in real-time, and collaborate on challenges that feel as real as they are extraordinary.

We offer 18 distinct, immersive realities for your group to explore, each developed exclusively for Zero Latency.

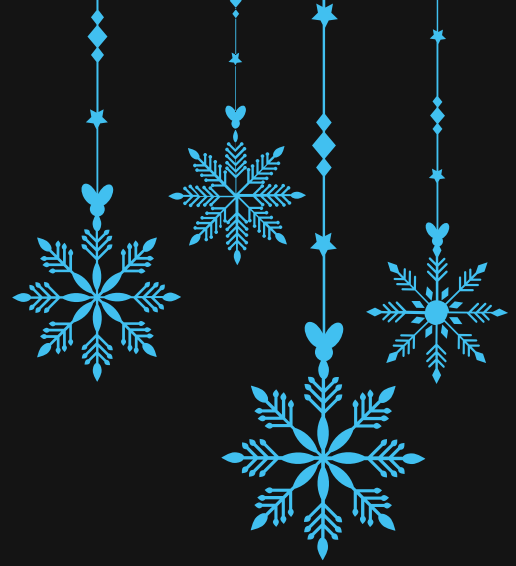

Choose from action packed adventures; battling Rogue AI or Zombie Hordes, or step into one of our mind bending VR Escape Rooms.

Whatever thrill you seek, we have a world waiting!

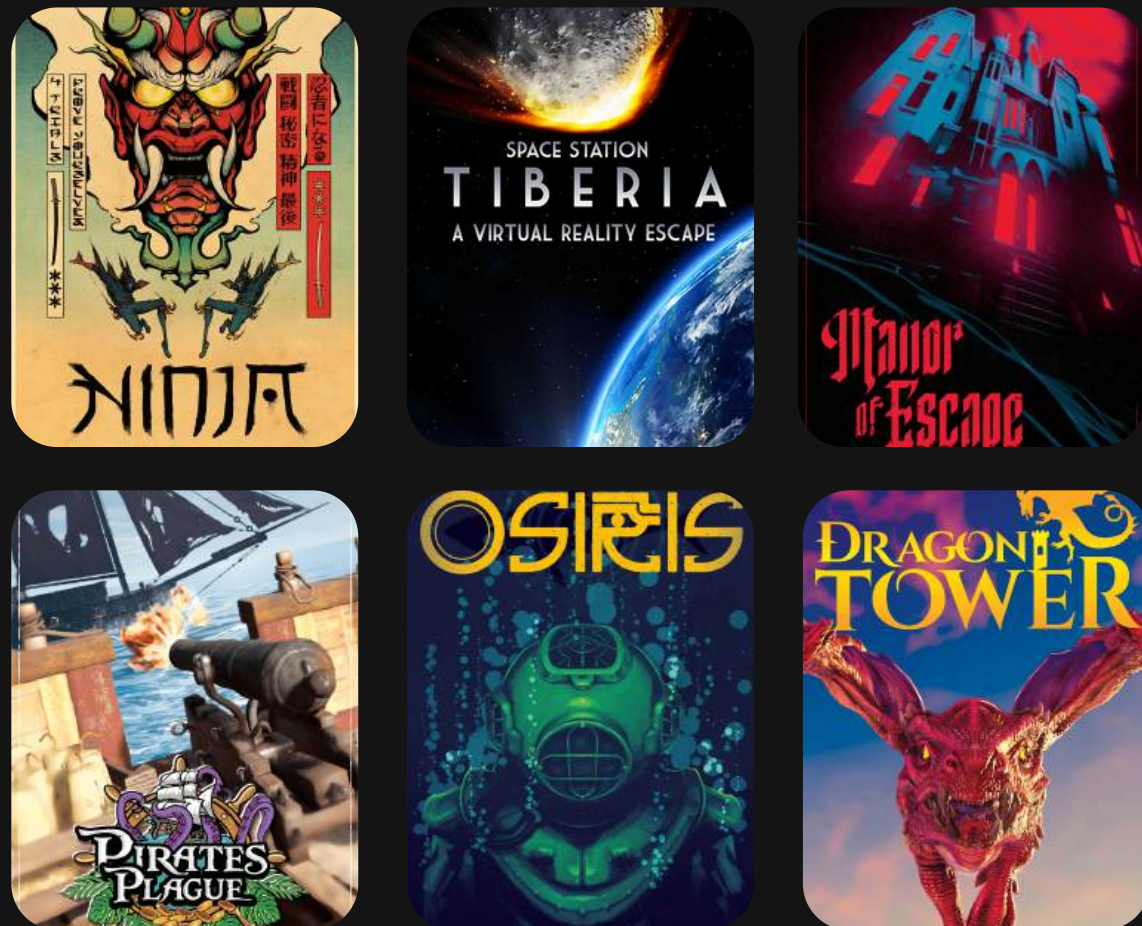

16 UNIQUE IMMERSIVE EXPERIENCES

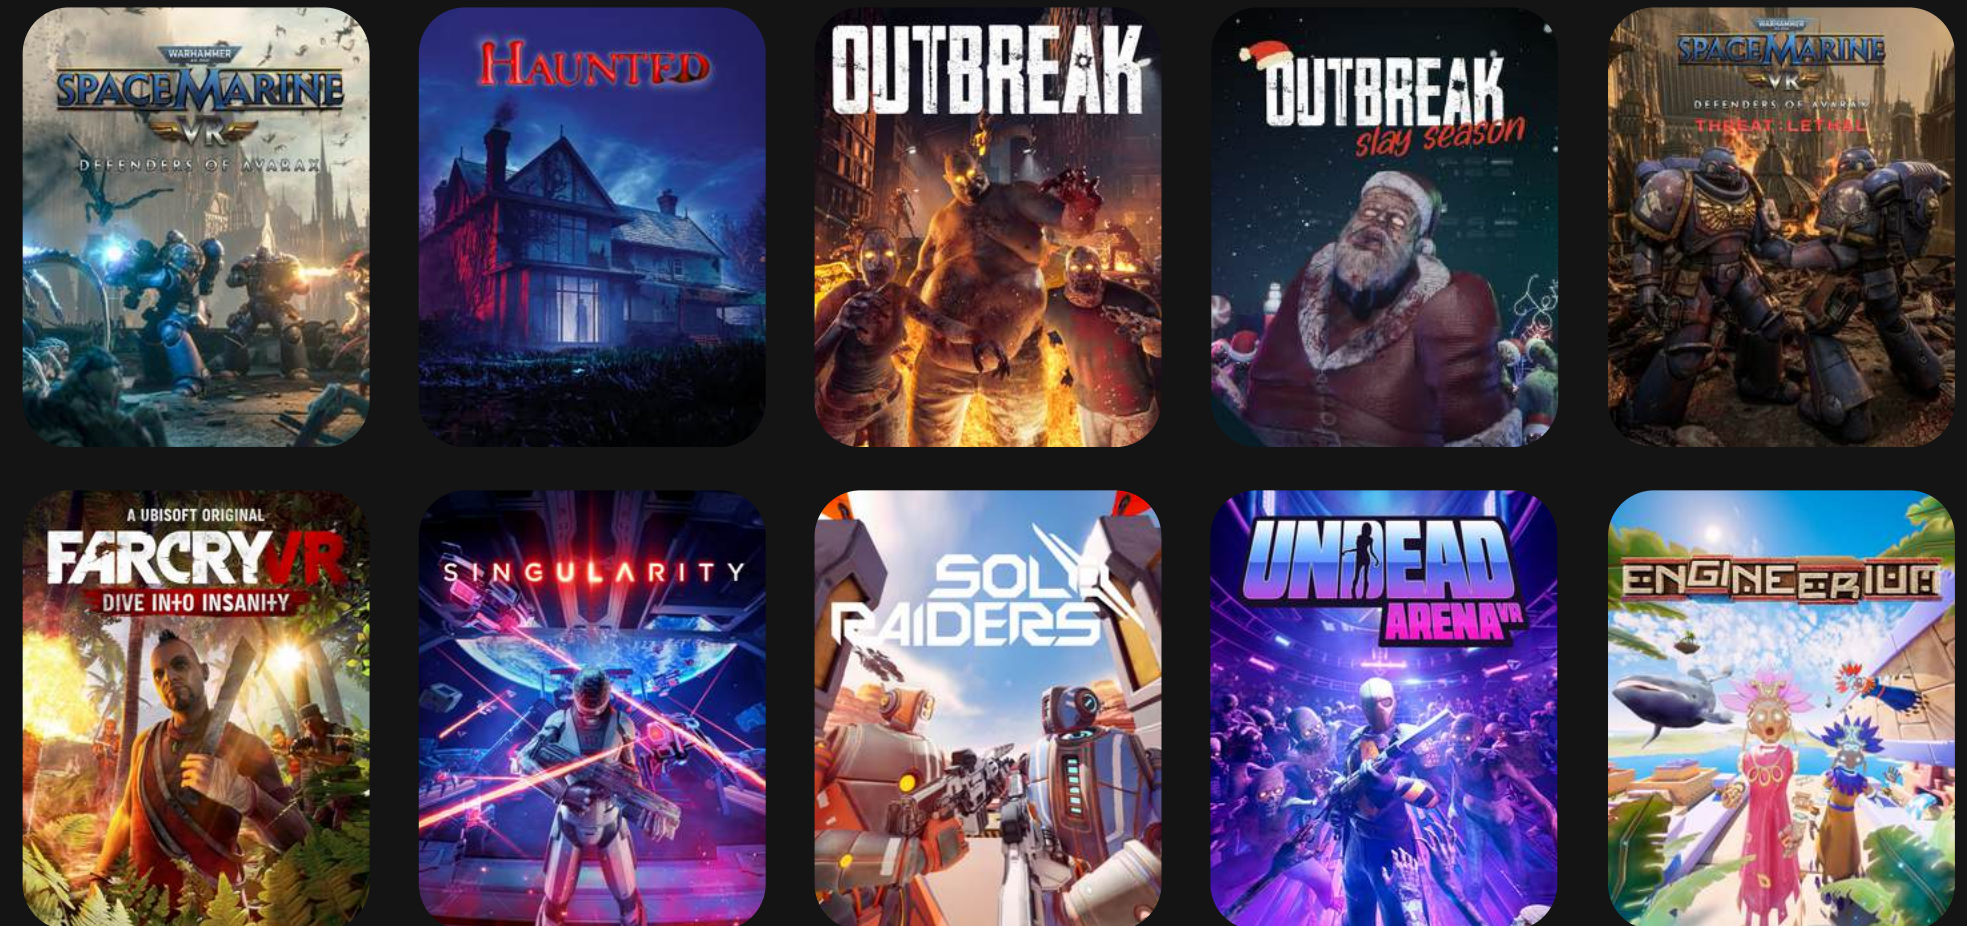

Why confine your team's adventure to a single room? Step into our massive open arena and unlock a new level of collaborative immersion that smaller, static experiences simply cannot match.

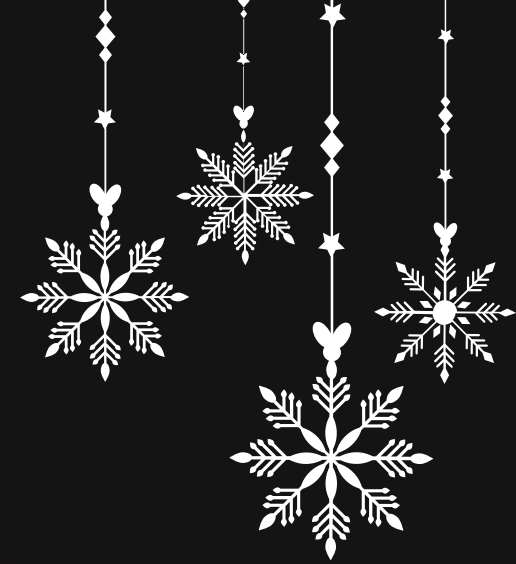

VR ESCAPE ROOMS

WAREHOUSE SCALE VR ARENA EXPERIENCES
